and NSD File No. L-00-72.

Dear FCC:

I think that the price on the airtime is already enough. I am a college student and I bought the cell phone so that my parents could get into touch with me when needed. Also I am trying to pay for my college so more expenses isn't something that would help out. I need the money that i do get, and i do not want to spend that on more airtime. Thanks for everything.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Krystal Murphy
